SWISS KRONO

SWISS**CDF**

SWISS **C**OMPACT **D**ENSITY **F**IBREBOARD

DE Die Welt der Holzfaserplatten kennt einen neuen Qualitätsstandard: SWISS**CDF** – Compact Density Fibreboard. Im konstruktiven und robusten Möbelbau wird oft MDF verwendet. HDF wird zumeist in Fussbodensystemen verarbeitet. SWISS**CDF** ist eine kompakt verdichtete, schwarz eingefärbte Faserplatte (> 1'000 kg/m^3), die mit ihrer hohen Dichte und den ästhetischen Reizen ganz auf das Designer-Herz abzielt.

FR Le monde des panneaux de bres de bois connaît un nouveau jalon de qualité: SWISS**CDF** – Compact Density Fibreboard. Le MDF est souvent employé dans la construction de meubles robustes. Le HDF est généralement utilisé dans les systèmes de sol. SWISS**CDF** est un panneau de bres dense et compact, coloré en noir (> 1 000 kg/m^3) qui, avec sa grande densité et ses attraits esthétiques, fait le bonheur des designers.

IT Il mondo dei pannelli in fibre di legno conosce un nuovo standard di qualità: SWISS**CDF** – Compact Density Fibreboard. Nell'ambito della costruzione di mobili dai sistemi costruttivi e robusti si impiegano spesso i pannelli MDF. I pannelli HDF vengono adoperati per lo più per i sistemi di pavimenti. Lo SWISS**CDF** è un pannello in bre di legno, compattamente compresso e tinto di nero (> 1'000 kg/m^3) che grazie alla sua elevata densità e le sue suggestioni estetiche mira diritto al cuore dei designer.

EN The world of fibreboards has a new quality standard: SWISS**CDF** – Compact Density Fibreboard. MDF is often used in the fields of structural and robust cabinetry. HDF is predominantly used in floor systems. SWISS**CDF** is a compactly compressed, black coloured fibreboard (> 1,000kg/m^3) exactly targeting the heart of the designer with its high density and aesthetic stimuli.

SWISS**CDF** IS ENVIRONMENTALLY FRIENDLY

DE SWISS**CDF** ist umweltfreundlich
- Aus Schweizer Holz von nachhaltig bewirtschafteten Wäldern.
- Bei der Produktion werden über 90% erneuerbare Energieträger verwendet.
- SWISS**CDF** fügt sich vollständig in die Kaskadennutzung des Holzkreislaufes ein.
- Speichert CO_2 und schont die Umwelt.

FR SWISS**CDF** respecte l'environnement
- Fait de bois suisse issu de forêts à gestion durable.
- Lors de la production, plus de 90% de ressources énergétiques renouvelables sont utilisés.
- SWISS**CDF** s'intègre parfaitement à l'utilisation en cascade ducycle du bois.
- Stock le CO_2 et protège l'environnement.

IT SWISS**CDF** è ecologico
- Prodotto da legno svizzero proveniente da foreste gestite in modo sostenibile.
- Durante la produzione vengono impiegati oltre il 90% di risorse energetiche rinnovabili.
- SWISS**CDF** si inserisce interamente nell'utilizzo a cascata del ciclo di vita del legno.
- Conserva CO_2 e rispetta l'ambiente.

EN SWISS**CDF** is environmentally friendly
- Made from Swiss wood that originates from sustainably managed forests.
- During its production, the energy sources used are 90% renewable.
- SWISS**CDF** completely integrates into cascade use of the wood cycle.
- Saves CO_2 and protects the environment.
